Budget Adoption Resolution No. 2020-01

FY 2020-21 BUDGET MESSAGE May 2020

OVERVIEW

La Pine Parks & Recreation district ("LPRD" or the "District") serves an 85 square mile area in Southern Deschutes County, Oregon. The District has two parks, a campground, and several underdeveloped parcels. We serve a population inside and outside of the District of close to 22,000 in the area and 1,600 individuals inside the La Pine City Limits. A narrative of the District and additional demographic information can be found on pages 3-5.

The District's funds are balanced between resources and requirements as required by State law.

The 2020-21 budget was prepared to accomplish the District Goals as revised on January 17, 2020. A copy of the goals has been included in the Appendix to the Budget Document.

The 2020-21 proposed budget attempts to address the potential financial impacts of the COVID-19 virus outbreak primarily through reduction of employee hours/salaries. The District will continue to monitor these impacts carefully and will replenish employee hours and salary if/when needed.

Fund Structure & Budget Organization

The District uses a simplified, single-fund budgetary structure that allows for efficient management, while still achieving the District's high standards for accuracy and transparency.

Effective July 1, 2019, the District's budget is based on accrual basis of accounting, a change from previous budgets prepared using cash basis of accounting.

FY 2020-21 Fund Structure

GENERAL FUND

- -Administration Division
- -Parks & Facilities Division
- -Programming Division
- -Amounts Not Allocated to a Division

There is one fund included in the District budget - General Fund, which includes three organizational units or "Divisions": Administration, Parks & Facilities, and Programming. Operating resources and expenditures, including Personnel Services, Materials & Services, and Capital Outlay, are tracked within those divisions. Other resources and requirements, which include Debt Service, Interfund Transfers, and Operating Contingency are not allocated to specific divisions.

Budget Numbers & Summary

Total Resources of \$468,562 balance with Total Requirements of \$468,562. Beginning Fund Balance for the Fiscal year 2020-21 is estimated at \$0. This is down from previous years because of expected loss of revenue in 2019-20 due to the COVID-19 virus outbreak. The beginning carry-over Fund Balance is generally used to pay expenses before receiving property taxes in November. It is likely that the District will need to borrow funds again this year to maintain cash flow both this fall and next.

The FY 2020-21 property tax rate is \$.30 cents per thousand. Property Taxes of \$230,116 represent just over half of the District's resources and are conservatively anticipated to decrease 16% from the FY 2019-20 budget as collections are questionable. Other resources include Program Fees, Facility Rentals, and Grants/Donations.

Significant changes are expected in staffing and program levels in reaction to the impacts of the COVID-19 virus outbreak. Capital projects in the FY 2020-21 proposed budget include minimal Parks & Facilities Improvements of \$35,000, all which is funded through grants and donations.

Challenges Looking Forward

The District continues to need to look for long-term financial support as it is now being upheld by grants and donations. Even though the District is doing its best to provide services, it is becoming limited with the increased demand. It is anticipated that several different avenues to stabilize the existing programs and staffing will be considered. The District is planning for the near future in accordance with the 2017 Comprehensive Plan update, as reviewed by the Board annually.

The estimated program fee revenues in the proposed budget are based on a detail review of current program offerings and program revenue trends. Currently staff monitors each program for recovery of direct and indirect costs. The District examines revenue and activity levels and will suggest price increases on a quarterly basis as needed and will make expenditure adjustments where needed to offset shortfalls in the programs.

DISTRICT NARRATIVE

La Pine, Oregon is located approximately 30 miles south of Bend, OR in Deschutes County. It is directly on the only major HWY, 97, running north and south from Washington to California and falls in place about 100 miles north of the California border. Although the tiny town of La Pine has approximately sixteen hundred residents in the City limits, the La Pine Park and Recreation District (LPRD) serves a much larger area that includes close to twenty thousand residents in south Deschutes, North Klamath and northwest Lake counties (Lake and Klamath are served with special program agreements.) The District is seeking to stabilize its programs and activities with additional tax funding and hopes to raise funds through grants and donations to expand district programs in order to offer more community education programs, sports and recreational activities to local residents, both adults and children.

The population of La Pine is a clear mix of social and economic groups. We have a high percentage of free and reduced lunches for students, double the average rate of retiring seniors and over half of the population has moved here in the last decade. Taking all of these points into consideration, planning for the future can be a challenge. Here is how we started this work to provide for our residents.

In the beginning, (October 1989) a group of active citizens living in the then unincorporated area called La Pine, started an official park district through SDAO (Special District Association of Oregon now SDIS) to provide activities and direction for the residents of south Deschutes County. The LPRD became the center of all activities for our children and adults. The journey to sustain the district was a mish mash of fundraisers and pop can collecting. Taking on a contract with the Boys and Girls Club of Central Oregon to operate an afterschool program for local children was the next step in a twenty year process to provide for residents. The Big Building, built on the site of the defunct and destroyed former Old White School House (a snow storm in early January of 1993 collapsed the roof and the proceeds of building replacement went into the coffers of the only official entity- the Park District and they built a new metal building over the old site). The interest in the District and replacement of the building was the main focus of the LPRD at that time. Needless to say, the after-school program contract left the district with B&G Club's unpaid rental and utility costs that had accumulated until such time that they were asked to leave. Scrambling to collect enough money to pay the bills and asking for community help became the new focus!

By the first decade, the park district found itself trying to answer the question of how to fund the costs of operating the several small buildings and the large center while pulling together funds from –literally collecting pop cans to make their bills. A group of board members posed a question to the community: "Do you want this park district to continue? If so, you need to be prepared to fund it with a small tax base and make it a part of what you value for your community." It was up to the voters.

Voters took to the polls in the spring of 2009 and voted the small district into being and the board searched for the first executive Director/General Manager to begin to build the District we have today. In 2010, the first paid employee took the helm and began to work with the La Pine Park and Recreation District Board to use the comprehensive plan that had been developed years earlier and create a responsive park district that would represent the wide variety of citizens who it represented.

Following the knowledge that was gleaned around the same time as the City of La Pine's referendum to become Oregon's newest City in 2007, (a survey that showed a high demographic for a large senior population, a reasonably high amount of young families with children, and the rest of our population coming from new residents over the first decade of the century), the LPRD began to plan what it would take to serve the voters in the best possible way.

It was decided that the renovation of the big park building would be a priority and then the district would turn its attention to building programs that helped people of all ages have access to educational and recreational activities that promoted a healthy lifestyle. The renovation began in 2011 and the tax base was enough to get the ball rolling for the construction. The other focus of creating programs and activities were financed by grants and donations.

At present day, the renovation phases to address new flooring for the restrooms, shelving for storage and upgrades to technology in the community building. We are also looking into repair and upgrades the JCJ building to bring it to full use. The district is at the point where the programs, After School (HUB), Adult Education and GED, a new Summer Camp, various Sports programs are 58% sustainable. There is a need to upgrade and repair the baseball fields and smaller park maintenance and development of the smaller parks. When the LPRD received 144 acres from the BLM to develop a rodeo and events grounds/parks for the district, it was time to explore other funding opportunities. We are pursuing funding for developing new programs and sustaining the successful programs we already offer. Please see the Goal Review for 2018 with our completed projects in the Appendix.

The LPRD works hand in hand with the Park Foundation: La Pine Park and Recreation Foundation to raise monies and write grants for its programs. The District and Foundation are located in La Pine Oregon. P O Box 664 La Pine, OR 97739 Phone: 541-536-2223.
